COINER'S DEPARTMENT,

May 9th, 1884.

Hon. A. Loudon Snowden,

Superintendent.

Sir; I have the honor to request your approval of the accompanying requisition directing Mr. Cowden, to alter the windows in the East side of the Coining Room, from sash doors as they are now, into sashes hung and weighted, so as to raise and lower. Under the present arrangement it is almost impossible to properly ventilate the room without subjecting the persons employed therein to much annoyance, and frequent colds. The arrangement proposed will be a positive improvement, and render the room very much more comfortable and agreeable to work in.

Very respectfully, Your Obt Servt

O. C. Bosbyshell

Coiner.
